# HoLaCe

## Every case deserves to move faster.

AI-powered case management built for plaintiff personal-injury firms: real-time dashboards, AI demand letters and medical chronologies, settlement tracking, and AI case prioritization.

### 01 An AI COO

Flags stalled cases and statute-of-limitations deadlines firm-wide.

### 02 Demand letters from records

Upload medical records, get a chronology and a draft demand.

### 03 Every seat's dashboard

Each attorney sees their own KPIs against firm goals.

### 04 Settlement distribution

Firm fee, provider payouts, and client share, tied to the case.

**WHO IT'S FOR**

Plaintiff personal-injury law firms that want no case to stall and no deadline to slip.

**PRICING**

**$0 upfront cost**

Annual contract

**GOOD TO KNOW**

- Built by a PI attorney, for PI attorneys
- Replaces several tools in one
