PITCH SLICK

Spec Forge

From PRD to production with 20+ AI agents.

Spec Forge turns a rough idea into a full product spec, breaks it into atomic tasks, and runs specialized AI agents to build, test, and review the code.

01 AI spec wizard
Describe it in plain language and get a complete PRD.

02 Atomic tasks
Features broken into small, testable units.

03 Sandboxed execution
Coder, tester, and reviewer agents in isolated environments.

04 Claude Code native
MCP integration for Claude Code orchestration.

WHO IT'S FOR

Product and dev teams that want specs that turn straight into working code.
